These minutes will provide a background of the discussions held by DEPCM (Depository Collection Managers) since its conception in late 2004. Throughout the planning process, assumptions and recommended procedures have changed many times. Check the date of the minutes you are reading since the date will make a HUGE difference in the what may be actually happening at the moment. If you have questions, ask the DEPCM representation from your library, or you may e-mail [bly@neoucom.edu](mailto:bly@neoucom.edu).
